

U.S. Customs and Border Protection

Global Entry Trusted Traveler Program

FACT SHEET

Global Entry is a new, risk-based approach to facilitate the entry of pre-approved U.S. citizens, U.S. nationals, lawful permanent residents of the U.S. and citizens of other certain countries. The pilot allows frequent international travelers who have passed a background check, use of an automated kiosk to clear passport control, and provides an expedited exit lane out of the CBP processing area. Global Entry is a traveler's ticket to get out of line.

Global Entry is currently available at:

- John F. Kennedy International Airport
- George Bush Intercontinental Airport
- Washington Dulles International Airport
- Miami International Airport
- Hartsfield-Jackson Atlanta International Airport
- Los Angeles International Airport
- Chicago O'Hare International Airport
- Newark Liberty International Airport
- Honolulu International Airport
- San Francisco International Airport
- Orlando International Airport
- Dallas/Ft Worth International Airport
- Detroit Metro Wayne County Airport
- Boston - Logan International Airport
- Las Vegas - McCarran International Airport
- Orlando-Sanford International Airport
- Seattle-Tacoma International Airport
- Philadelphia International Airport
- San Juan Luis Muñoz Marín International Airport
- Ft. Lauderdale Hollywood International Airport

Participation in the Global Entry pilot program is voluntary and requires a \$100 non-refundable application fee which is valid up to five years.

The minimum age for participation is 14 but applicants 14–17 years of age must have consent of a parent or legal guardian. Applicants must pass a multi-layered security threat assessment and appear for an in-person interview.

All participants must be in possession of a machine readable passport (or Permanent Resident Card, if applicable). No separate membership card will be issued.

Global Entry was developed and launched based on CBP's already popular and existing trusted traveler programs: Secure Electronic Network Travelers Rapid Inspection (SENTRI), NEXUS, and Free and Secure Trade (FAST).
